

SEATING | AZURE | YEN | ITEM #2302

**AZURE | YEN | ITEM #2302**

DETAILS | A collection of stackable chairs made of a steel rod frame with shell in beech wood plywood. The slender frame offers maximum comfort and high mechanical resistance. Seat and back may be veneered in oak, ebony or zebra wood. A fully upholstered version is available in fabric or leather with or without a hand-stitched square detail. The Yen is also available with an upholstered front and exposed wood back. The chair is offered in an arm or armless version with a mirror or matte chrome sled base. Yen is the elegant solution for fine, modern-styled environments.
